* MINIMUM RATE

During the winter months, one other factor is even more important than cheap transportation and that is protection against stock freezing in transit. It is our experience that Railway Express offers the greatest protection and the only insurance against this loss.

Customers who are familiar with Railway Express rates will note that the rates we quote above are considerably cheaper than normal (actually less than 65% of the first class express rate). We are able to quote these rates, for our stock travels under a special commodity tariff—ICC 8152. WHEN YOU RECEIVE A RAILWAY EXPRESS SHIPMENT FROM US IT IS IMPORTANT TO CHECK AND SEE THAT YOU HAVE BEEN GIVEN THE BENEFIT OF THIS RATE.

If you request shipment by parcel post, please include an extra 10% to cover. We will refund any balance promptly or will bill you for any excess.

We will be glad to furnish more detailed shipping information for any specific condition or locality upon request.
